

A woman is shown from the waist down, wearing white mesh protective underwear. The underwear has a distinct grid-like mesh pattern and a white elastic waistband. She is standing in a bathroom. In the background, there is a white pedestal sink with a chrome faucet and showerhead, a wicker-style bench, and a round wicker rug on the floor. The wall is a light, textured color.

PROTECTIVE UNDERWEAR

Protective Underwear is designed for those who are experiencing urinary incontinence and would prefer something that looks and feels like regular underwear. Special design at crotch can prevent side leaking effectively. Based on human physiology, the crotch is made more longer and bigger to increase absorbency and prevent leaking. Special sewing technology make sure it's comfortable to wear. For now, we have mainly three styles of protective underwear, one is pouch pants with a leak-proof pocket at the crotch where you can insert a absorbent pad, the style is designed to match with a absorbent pad; Another is with a built-in absorbent pad at the crotch; The third one is clear vinyl briefs, our vinyl is soft and comfortable without any rustling.

Features :

- Soft & comfortable fabric without any rustling
- Built-in single/double layer pad for extra absorbency
- Patented side leakage prevention design
- Waterproof TPU layer for extra protection
- For light to moderate incontinence
- Stylish design, feel like regular underwear
- Reusable, machine washable

Patented side leakage prevention design

More longer and bigger absorbing core design, conforming to human physiology and increasing water absorbency
