

PET BED

Pet Bed is made from soft outer shell fabric resistant to scratching and chewing, high-quality polyester fiber or foam filling which may provide more comfort to the dog and non-slip durable bottom fabric. Some pet beds use a zippered outer shell which is removable, it is easy to clean the outer shell. Pet beds provide a comfortable sleeping area for your pets, and elevate the pets above the hard ground to provide a degree of warmth. They can be used for napping during the day and sleeping in at night. Unlike the floor, a pet bed will keep your dog warm, support arthritic joints, and prevent calluses. Some styles of pet beds actually offer heating and cooling options for some special needs.

Features :

- Made from a soft and comfortable material
- Sufficiently padded to support arthritic joints
- All kinds of different shapes and sizes available
- Versatile design to fit all kinds of pets
- Removable shell, easy to clean

● Beige
