

# PET RECOVERY SUITS

**Pet Recovery Suits** are made from a non-toxic, breathable, 4-way stretch lightweight fabric that is machine washable for reuse. The suits are designed to help the pets recover faster by protecting the surgical area after surgery. It can not only prevent pets from licking, scratching or biting the wound or sutures, but also keep surgical area clean & dry and prevent bacteria & dirt from causing an infection. Our suits are designed with elastic at neck & legs and hook & loop/buttons closure at back for perfect fit. The opening design at rear is very convenient for pets to pee and poo. This is a more comfortable stress-reducing alternative for your pets to wear instead of the traditional collar or cone.

## Features :

- 4-way stretch lightweight fabric, comfortable and breathable
- Elastic edging and hook & loop/buttons closure for perfect fit
- Opening design at rear, convenient for pets to pee and poo
- Unique design, easy to put on & take off
- Machine washable, easy to clean
