

PET SUPPORT BRACES

Pet Support Braces offer stability and support, which helps decrease pain and inflammation when your dog is active. They are especially useful for disabled, senior, arthritic, or injured dogs as well as younger pups that are prone to developing hip dysplasia or joint problems. These innovative products are made of high-quality spacer mesh material and webbing, and so can be used by pets in any environment.

Features :

- High quality materials, comfortable and durable
- Adjustable straps for comfortable fit
- Stay in place as pets move
- Safe for daily use
- Easy to clean
