

DOG SHOES

Dog Shoes are made of high-quality breathable fabrics and soft durable rubber materials. It's a great way to protect your dog's paws from hot surfaces, abrasive terrain, and the uncomfortable buildup of ice and sand. It's also a good idea to bring some paw protection with you when your four-legged friends join on rugged trails and long adventures, so they can tackle the trail in comfort and with confidence. The dog shoes also protect paws that have suffered from injury. They keep the wound dry and clean so that it can heal without getting infected.
