

CAT TREE

A Cat Tree (also referred to as a cat tree house, cat condo, kitty condo, cat stand, cat post "cat box" or cat tower) is an artificial structure for a cat to play, exercise, relax and sleep on. Cat trees are usually constructed of premium wood and then covered with carpet or a similar fabric that encourages and allows a cat to scratch. In some luxury designs, soft and heavyweight fabrics have also replaced abrasive carpet. In addition to carpet, cat trees may contain other desirable items to encourage scratching of the tree such as drop balls, sisal rope, and cat toys. Cat trees are named as such because they typically have several platforms at differing angles that aid in exercise for the cat as well as a means for the cat to reach the top.

Features :

- Easy to disassemble and clean to prevent bacteria breeding
- High quality short plush, skin-friendly, soft and comfortable
- Spacious and versatile design for cats to have more fun
- Varieties of stylish designs for your choose
- Hanging basket to make lazy cats more cozy
- Sturdy construction for maximum safety
- Plush drop balls for cats to play
