

SCRATCHING BOARD

Scratching Boards are made of heavy duty corrugated and 100% recycled cardboard. The cardboard is safe and non-toxic. The scratching boards are designed to help reduce the wear and tear on their household furniture, and instead offer their kitty a range of cat-approved options. Additionally, they can get the mental, emotional, and instinctual stimulation they need to stay happy and fulfilled in your home. A scratching board is essential for any healthy, well-adjusted cats. Not only does it keep their claws in proper shape, but it is great exercise and a good way to reduce stress.

Features :

- Eco-friendly material, safe and non-toxic
- High density pressed cardboard, durable
- Various attractive patterns
- Multi-functional rest & play area
